Re: Water Right Application No. G2-29027

Hello,

I'm writing to ask for your help on a project. A number of people from Sequim and Port Angeles who helped develop the Elwha-Dungeness Watershed Plan are working on accomplishing the goals of the plan. As part of this, we need to estimate future water demand for the Dungeness watershed. A piece of this estimate will be based on the applications for water rights currently on file with the Department of Ecology.

You are receiving this letter with the return envelope and form because you have an application pending with Ecology for water from the Dungeness area.

Because a number of things may have changed since you filed your application, we'd like to hear from you. Plans may be different, property may have been sold, or you might have acquired water through other means.

Is your application still accurate? Your answer will help us more realistically estimate the amount of water that's being requested.

Action required on the enclosed form:

Please indicate if you still need water for your project.

If yes, your application will remain on file with Ecology. **OR**

If you do not need the water, please check that box and I can pass the information to staff in Ecology's Water Resources Program. **AND**

If you no longer own the property, please provide contact information for the new owner.

PLEASE NOTE

Ecology is not taking action on pending applications for water rights at this time.

Action will be taken after a Dungeness instream flow and water management rule has been adopted and enough information is available to make decisions.

The Dungeness rule is currently being discussed, and formal review of a draft rule is planned for late this summer. A public workshop is being held at the John Wayne marina in Sequim, from 4 to 7 p.m. on March 26th. We'll be talking about elements of the rule and options for water management. There will also be an announcement in the Sequim Gazette.

Ecology contact information

If you have questions about this request or are interested in the discussions on water supply and rule development, you can contact me at the Shorelands and Environmental Assistance Program, Southwest Regional Office of Ecology. My phone number is (360) 407-0276.

You can also call Sarah Ferguson of the Water Resources Program, who is working on the Dungeness rule, at (360) 407-6780.

Information on Dungeness rulemaking is on-line at:
<http://www.ecy.wa.gov/programs/wr/instream-flows/dungeness/html>.

General information regarding watershed planning is available on Ecology's website at:
<http://www.ecy.wa.gov/watershed/index.html>.

Thank you for your time and attention.

Cynthia Nelson
Watershed Lead for Elwha Dungeness Watershed Planning
Shorelands and Environmental Assistance Program, Southwest Region

Dear Mr. Gaskell:

Re: Ground Water Application No. G 2-29027

We acknowledge receipt of your affidavit of publication of notice in connection with the above-numbered application.

The water codes require that no action be taken toward issuance of a permit earlier than thirty (30) days after the last date of publication. This period of time is allowed for filing any protests or objections.

Sincerely,

Sheri Fox
Water Resources

AFFIDAVIT OF PUBLICATION

State of Washington
County of Clallam

Jim Manders, being first duly sworn in oath, deposes and says: that he is the Editor of **THE SEQUIM GAZETTE**, a weekly newspaper. That said newspaper is a legal newspaper, by order of the Superior Court in the county in which it is published and it is now and has been for more than six months prior to the date of the publications hereinafter referred to, published in the English language continually as a weekly newspaper in Clallam County, Washington. That the annexed is a true copy of

NOTICE OF APPLICATION TO APPROPRIATE
PUBLIC WATERS ROBERT GASKELL

as it was published in regular issues (and not in supplement form) of said newspaper once a week for a period of 2 consecutive weeks, commencing on the 4 day of May 1994, and ending on the 11 day of May 1994, both dates inclusive, and that such newspaper was regularly distributed to its subscribers during all of said period. That the full amount of the fee charged for the foregoing publication is the sum of \$45.00, which amount has been paid in full.

Subscribed and sworn to before me on this 1 day of June, 1994.

Jim Manders
Hilary D. Roberts

Notary in and for the State of Washington, residing at Sequim.

My commission expires September 29, 1997.

STATE OF WASHINGTON DEPARTMENT OF ECOLOGY NOTICE OF APPLICATION TO APPROPRIATE PUBLIC WATERS

TAKE NOTICE:

That Robert Gaskell of Sequim, Washington on March 29, 1994 under Application No. G2-29027 filed for permit to appropriate public waters, subject to existing rights, from a well in the amount of 10 gallons per minute as needed year round each year, for single domestic supply and stock watering. The source of the proposed appropriation is located within NE1/4 NW1/4 of Section 7, Township 30 N., Range 3W W.M., in Clallam County.

Protests or objections to approval of this application must include a detailed statement of the basis for objections: protests must be accompanied by a two dollar (\$2.00) recording fee and filed with the Department of Ecology, at the address shown below, within thirty (30) days from 5/11/94.

Dear Mr. Gaskell:

Re: Ground Water Application No. G 2-29027

Your application for the appropriation of water has been assigned the above referenced number. Please refer to this number in future correspondence.

Enclosed is a notice of your application which must be published once a week for two consecutive weeks in a qualified legal newspaper of general circulation in the County or Counties in which the storage, diversion, and use is to be made and in other newspapers as directed. A list of these newspapers in your county is enclosed.

The applicant is responsible for the payment of the publication. Please read the notice carefully to make sure it is correct. Should you find an error, please return the notice to our office for correction.

You should mail or deliver the enclosed notice to a newspaper regarding publication as soon as possible. When you receive the affidavit of publication form the newspaper, please forward it to this office promptly. Further processing of the application will not be made until the affidavit is returned.

A site investigation will be made by this office before we issue a permit decision. In light of our water right backlog, we estimate it will be about 18 months after receipt of your application before we are able to conduct the site investigation.

Sincerely,

A handwritten signature in cursive script, reading "Sheri Fox", is written over the typed name.

RECEIVED

'94 MAR 29 A9:10

Dear Mr. Gaskell:

We are in receipt of your water right application. This notice is to advise you the 1993 Legislature passed a new law requiring applicants to pay a \$100.00 surcharge on each water right application submitted between July 1, 1993 and June 30, 1994. This new law applies to your application and is in addition to the \$10.00 minimum fee that must accompany your application, as indicated on the application form. Ecology can not further process your application until the fee is paid in full.

We are requesting you pay your \$100.00 surcharge upon receipt of this letter. If we do not receive payment within 30 days, we will send you an official notice and billing by certified mail. If payment is not received within 60 days from receipt of that notice, Ecology will reject your application, and your priority date will be lost. There will be no further notice regarding payment of the surcharge. Payment must be by check or money order (not cash) to:

Department of Ecology
Water Resources
PO Box 47775
Olympia, Washington 98504-7775

If you have any questions regarding the surcharge or the status of your application, please call our office at (206) 586-6380.

Sincerely,

Gale Blomstrom
